

Anthropology and Geography Bachelor of Arts Assessment Plan

Bachelor’s Assessment Plan, 2025-2028:

In keeping with university policy, the Anthropology & Geography program will assess one program level learning objective each calendar year.

- 2025 – Integration of Core Concepts
- 2026 – Methods and Skills
- 2027 – Evaluation of Environmental Context
- 2028 – Research Design

Assessment artifacts will be chosen by instructor and evaluated using Blackboard Alignments. Associated report will then be forwarded to the Program Assessment Coordinator or Department Head for evaluation and reporting to Weave. Participating faculty will discuss results in accordance with the schedule set by the university assessment coordinator, identifying strengths and deficiencies in meeting our goals. Subsequent decisions or changes made in response will be re-evaluated the following calendar year.

- Undergraduate Success Measure: At least 75% of students will get at least 70% in all the assessment measures.
