

ALL COURSES

RECREATION AND PARK ADMINISTRATION

RP 4XXX: REC/PARK TRANSFER ELECTIVE

Credit transferred from another institution and articulated for recreation and park administration upper division elective.

RP 3XXX: REC/PARK TRANSFER ELECTIVE

Credit transferred from another institution and articulated for recreation and park administration upper division elective.

RP 2XXX: REC/PARK TRANSFER ELECTIVE

Credit transferred from another institution and articulated for recreation and park administration lower division elective.

RP 1XXX: REC/PARK TRANSFER ELECTIVE

Credit transferred from another institution and articulated for recreation and park administration lower division elective.

RP 1001: Orientation to Recreation and Park Administration

Orientation to the university and recreation and park administration as a profession. Exploration of successful student and career paths.

Note: This course may be taken in place of TECH 1001 Orientation to the University.

RP 1002: Backpacking

This course is an introduction to basic backpacking skills, equipment, food, and backcountry travel. Day hikes and overnight hikes.

Note: Students will need to provide own personal equipment (backpack, sleeping bag, etc.) and be willing to share tents, stoves, cooking gear, etc. with other students in the course. Some students may need to borrow or purchase such gear depending on the equipment owned by members of the class. \$50 course fee required.

This is an activity course. No more than four hours of activity credit may be counted toward graduation. A student registering for an activities course in excess of these limits receives no credit for the additional course and the grade is not included in the computation of grade point.

RP 1011: Sport Hunting

An introduction to the fundamentals of sport hunting, materials, and personal skills. Emphasis on state game laws, personal equipment and usage, game species and their natural habitats, and firearm safety. Arkansas Hunter Safety certification awarded with successful completion.

This is an activity course. No more than four hours of activity credit may be counted toward graduation. A student registering for an activities course in excess of these limits receives no credit for the additional course and the grade is not included in the computation of grade point.

RP 1013: Principles of Recreation and Park Administration

A study of the history of the recreation and park profession and the basic sociological and ecological intermix of contemporary recreation and park services.

RP 1021: Boating Education

This course will take students through the Arkansas Game and Fish Commission Boating Guide. Those who successfully complete the course will be awarded Boating Safety Certification. A variety of audio visual presentations will be used, and participation in one weekend day of actual boating experience is required. Certification is awarded upon completion.

This is an activity course. No more than four hours of activity credit may be counted toward graduation. A student registering for an activities course in excess of these limits receives no credit for the additional course and the grade is not included in the computation of grade point.

RP 1031: Introduction to Cycling

Introduction to Cycling is designed to introduce the beginner biker to the basics needed for lifelong enjoyment of this recreational activity and sport. Students will be introduced to techniques of road cycling and off-road cycling. Emphasis on choosing clothing and equipment, maintenance, and riding skills. Students will have riding opportunities at area trails, as well as classroom instruction.

Note: Participants are expected to provide their own bikes and associated gear and equipment.

\$50 fee required to cover transportation to area trails.

This is an activity course. No more than four hours of activity credit may be counted toward graduation. A student registering for an activities course in excess of these limits receives no credit for the additional course and the grade is not included in the computation of grade point.

RP 1041: Principles and Techniques of Fishing

This course provides an introduction to the sport of fishing. Students will learn to identify species of freshwater fish, emphasizing fish inhabiting Arkansas streams and lakes. Students will learn casting techniques, ethics, catch-and-release techniques, knot tying, and lure and bait selection. Cleaning and cooking your catch of the day will be covered.

Note: Arkansas fishing license required. Bring your own pole and tackle. Field trips to area fishing holes.

\$10 laboratory fee.

This is an activity course. No more than four hours of activity credit may be counted toward graduation. A student registering for an activities course in excess of these limits receives no credit for the additional course and the grade is not included in the computation of grade point.

RP 1993: Basic Forest Firefighting

This class is taught jointly by the U.S. Forest Service and ATU using classroom theory and weekend field exercises which will enable successful candidates to obtain the "Red Card" recognized by most federal and many state firefighting agencies as a minimum requirement for wildland fire firefighting certification. This class consists of the following wildland fire training courses recognized by the National Wildland Coordinating Group (NWCG): S-130 Basic Firefighting; S-190 Introduction to Fire Behavior; S-110 Wildland Fire Suppression Orientation; I-100 Introduction to Incident Command System; and Standards for Survival. These courses will be taught together to provide a complete picture of the basics of forest firefighting. This training is required before any person can participate on a wildland fire suppression crew for the U.S. Forest Service, other federal agencies and most other state wildland fire agencies. Instruction will be by U.S. Forest Service certified instructors and RP faculty.

RP 2003: Experience Programming

Experience program planning, supervising, and evaluating. This course examines the theory, principles, and leadership techniques of programming for individuals and groups in the community, institutions, and camps.

Note: May not be taken for credit after completion of RP 2002 and RP 2012.

RP 2013: Open Space Management

An introduction to management of various open spaces, landscapes, and trail systems. This course will address the environmental, human, and economical aspects for better management of open spaces.

RP 2023: Trail Planning and Management

An experiential learning course on planning and design process for the evolution of trails.

RP 2033: Leadership in Experience Industries

A study of the processes, methods, and characteristics of leadership and supervision in the experience industries. This course will help students further develop the vital leadership skills needed in all experience industries.

\$100 lab fee.

RP 2133: Introduction to Travel and Tourism

Cross-listed: HA 2133 Introduction to Travel and Tourism

The introduction to travel and tourism, its components and relationship to the recreation and hospitality industry. The course will explore the current and future trends in travel and tourism and the effects on the economy, as well as the social and political impacts of travel and tourism.

RP 2881: Special Topics

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 2882: Special Topics

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 2883: Special Topics

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 2991: Special Problems

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 2992: Special Problems

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 2993: Special Problems

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 3013: Inclusive Recreation

This course introduces students to the concept of Inclusive Recreation, which is the planning, implementation and evaluation of recreation programs designed to include ALL persons, including those with disabilities.

RP 3023: Camp Administration

Theory and principles of camp administration, programming, leadership, and supervision in public, private, and school camps. Field trips, school camp. \$100 lab fee.

RP 3033: Entrepreneurship in Experience Industries

An introduction to the spectrum of planning, delivery and assessment of goods and services in the commercial experience industries.

RP 3034: Master Planning for Parks and Tourism

Fundamentals of the site planning process and application to park and recreation development, including consideration of factors both external (user preferences) and internal to the site (function, organization and aesthetic treatment). Emphasis on resource capabilities and potentials.

Lecture two hours, laboratory four hours.

RP 3043: Work Experience

Prerequisite: Departmental Approval

Supervised field application of class skills and knowledge in Parks and Recreation work situations. Students are given the opportunity to take part in meaningful management and work experiences in actual work situations under the supervision of both university faculty and professionals in the field. Minimum of 100 clock hours of work experience is required.

RP 3053: Natural Resource Management

Study of the economic, social, political, and physical factors of the natural environment and methods to guide, direct, and influence orderly growth and development.

RP 3063: Outdoor Education

An introduction to outdoor education foundations, methods, and practice. Preparation and planning for teaching in, about and for the outdoors. Leadership of outdoor education programs. \$100 transportation and supplies fee.

RP 3093: Interpretive Methods

An analysis of various interpretive techniques, interpretive planning, and utilization of interpretation to obtain management goals. Students will plan, design and implement interpretive programs using various media.

RP 3113: Human Resource Management in Parks, Recreation, and Hospitality Administration

Cross-listed: RP 3113 Human Resource Management in Parks, Recreation, and Hospitality Administration

Prerequisites: Junior standing and nine hours of RP or HA courses.

An overview of personnel considerations in various Recreation and Park agencies and the Hospitality industry. Laws, legal issues, structure, staffing, motivation, training, conduct, policies, and other aspects of agency/industry human resource management will be examined.

RP 3133: Tourism Planning

An examination of the tourism planning process and techniques. Topics include tourism as a system, levels of planning, environmental, cultural and economic components, attractions, transportation, infrastructure and marketing.

RP 3403: Experience Industry Finance Management

Prerequisites: Junior standing and Recreation and Park Administration major.

An introduction to recreation and park financial management including revenue and expenditure management.

RP 3503: Sports for Communities and Tourism

An overview of recreational sport and event management in various settings. Topics include informal, intramural, club, extramural, instructional sports, and sporting events programming; values of recreational sports; administration and operation of recreational sports and sporting events; terminology and career opportunities in various sport settings.

RP 3763: Introduction to Turfgrass Management

An introduction to turf management emphasizing structure, growth, adaptation, and management of turfgrass. Methods for establishment, fertilization, mowing, cultivation, irrigation and pest management.

RP 3791: Turfgrass Management: Equipment

An introduction to turfgrass equipment. Visits to golf course or other turfgrass sites where students will examine and operate various types of turf equipment. Equipment maintenance discussed. Equipment design and selection discussed.

\$25 travel fee.

RP 3793: Turfgrass Pest Control

An introduction to the integrated management of pests affecting turfgrass. Maintenance practices related to pest and abiotic turfgrass problems, safety, and materials.

RP 3993: Wildland Fire Practices in Natural Resource Management

Prerequisites: RP 1993 Basic Forest Firefighting or permission.

Advanced study of the organization, deployment, and techniques of fire suppression applicable to wildfires affecting residences, outbuildings, and other human-structure barriers in remote areas and outlying suburban locales. Particular emphasis on wildland structure and urban interface fire suppression problems. This is a science-based course. Emphasis is placed on: (1) uncontrolled wildland fire and the many positive and negative impacts with which fire personnel must deal; (2) planning and implementing controlled burn projects to attain desired future conditions and reduce fire hazards, and (3) the dilemma of ever-expanding wildland/urban interface issues. The overall purpose of this course is to provide the student with integral fire knowledge and skills necessary to become an effective member of a fire/natural resource management team.

Note: Weekend field exercises required.

RP 4001: Internship Preparation

Prerequisites: PR major, senior standing, and completion of RP 3043 Work Experience or permission of department head.

Preparation for the internship experience. This course is graded Pass/Fail.

RP 4013: Experience Industry Administration

Prerequisite: Six hours of RP courses.

A study of the administrative process of planning, organizing, staffing, directing, evaluating, budgeting, and coordinating of recreation and park agencies.

RP 4023: Research Methods

Prerequisite: Twelve hours of RP courses.

An introduction to the spirit and theory of research including the scientific method and its application to the recreation and parks profession.

RP 4043: Field Seminar in Interpretive Methods

This off-campus course will be of one-week duration conducted at recreation and park facilities in Arkansas and the nearby region. The course will center on discussion of interpretive facilities, techniques, problems and innovations with leading professionals on site.

A fee of \$100 will be assessed to cover transportation, food and entry fees for some sites. Lodging is usually provided by park agencies at the site free or at a very low cost.

NOTE: May only be repeated for 6 hours of credit.

RP 4053: Water Resources Development

A study of water resources with emphasis on surface supply and small watershed and reservoir recreation. Supply and pollution in federal, state, local and private water use allocation will be considered.

RP 4063: Park Management

Basic principles, practices, and problems pertaining to the management of public park systems with emphasis on maintenance and operation schedules, construction and maintenance equipment, employee safety, office procedures, law enforcement, personnel management, and public relations.

RP 4073: Principles and Techniques of Therapeutic Recreation

Prerequisite: RP 3013 Inclusive Recreation or permission of instructor.

A professional course which examines the foundation, theory, philosophy, and historical significance of therapeutic recreation. Emphasis on the therapeutic recreation process as it relates to program development and service delivery for individuals with illnesses and/ or disabilities in various clinical and community settings.

RP 4093: Resort and Club Management

Cross-listed: HA 4093 Resort and Club Management

Prerequisites: Junior standing and nine hours of RP or HA courses or by permission.

An in-depth study of resorts and clubs with respect to their planning, development, organization, management, marketing, visitor characteristics, and environmental consequences.

RP 4103: Recreation Law and Policy

An examination of the relationship between recreation and the law. Specific topics include liability negligence, contracts, safety codes, law enforcement, insurance, and administration policy. Identification of legal decision making organizations and the court system, including the policy dimensions of land acquisition, personnel disputes, and current issues in land use.

RP 4112: Internship II

Offered: Fall semester only immediately following RP 4114 Internship I. Must enroll in RP 4114 Internship I Internship I previous summer term.

Prerequisites: Recreation and Park Administration major in senior standing, current certifications in CPR and Standard First Aid, consent of department head and completion of all other courses applicable to degree. Placement in selected agency settings in student intern status under professional guidance of both agency supervisor and faculty. Emphasis will be placed on application of classroom theory to agency requirements which fulfill student's individual career interests. No prior experience credit will be granted. In RP 4112 Internship II a minimum of 160 clock hours during a minimum of 4 weeks of supervised internship is required. Student cannot document more than 50 hours of work experience per week.

Note: RP 4112 Internship II Internship II is a continuation of RP 4114 Internship I. Students are encouraged to obtain and read the syllabus and manual for RP 4112 Internship II and begin working on the requirements for RP 4112 Internship II while enrolled in RP 4114 Internship I.

RP 4114: Internship I

Prerequisites: Recreation and Park Administration major in senior standing, current certifications in CPR and Standard First Aid, consent of department head and completion of all other courses applicable to degree.

Placement in selected agency settings in student intern status under professional guidance of both agency supervisor and faculty. Emphasis will be placed on application of classroom theory to agency requirements which fulfill student's individual career interests. No prior experience credit will be granted. In RP 4114 Internship I a minimum of 400 clock hours during a minimum of 10 weeks of supervised internship is required. Student cannot document more than 50 hours of work experience per week.

\$100 supervisor travel fee is required

Note: Must enroll in RP 4112 Internship II Internship II for fall semester immediately following RP 4114 Internship I to complete an additional 160 hours of internship. Students are encouraged to obtain and read the syllabus and manual for RP 4112 Internship II and begin working on the requirements for RP 4112 Internship II while enrolled in RP 4114 Internship I.

RP 4116: Internship

Prerequisites: Recreation and Park major; senior standing, current certifications in CPR, Standard and Advanced First Aid, consent of department head and completion of all other courses applicable to degree.

Placement in selected agency settings as a student intern under professional guidance of both agency supervisor and faculty. Emphasis will be placed on application of classroom theory to agency requirements which fulfill student's individual career interest. No prior experience credit will be granted. Minimum of 560 clock hours during a minimum of 14 weeks of supervised internship is required. Student cannot document more than 40 hours of work experience per week. A written report is required within two weeks of internship completion.

\$100 supervisor travel fee required.

RP 4173: Therapeutic Recreation Assessment and Documentation

Prerequisites: RP 4073 Principles and Techniques of Therapeutic Recreation or permission of instructor.

This course is an examination of the various assessment tools, styles of documentation, and methods of assessment and documentation utilized in therapeutic recreation services. The purpose of this course is to provide students with the basic skills and knowledge necessary to conduct therapeutic recreation assessments and to properly document health care information.

RP 4273: Administration and Operation of Therapeutic Recreation Programs

Prerequisites: RP 3013 Inclusive Recreation and 4073 or permission of instructor.

Program design and planning for effective administration of client centered services for special populations. Management of therapeutic recreation services including standards of practice, clinical supervision, reimbursement, marketing, budgeting, and writing policies and procedures.

RP 4373: Interventions in Therapeutic Recreation

Prerequisites: RP 3013 Inclusive Recreation, RP 4073 Principles and Techniques of Therapeutic Recreation, or permission of instructor.

This course is designed to provide an understanding of the various interventions utilized in therapeutic recreation services and to develop technical competencies necessary for the provision of quality therapeutic recreation services. Emphasis will be placed on the skillful application of various processes and techniques utilized to facilitate therapeutic changes in the client.

RP 4473: Issues and Trends in Therapeutic Recreation

Offered: Spring of odd year

Prerequisites: RP 3013 Inclusive Recreation, RP 4073 Principles and Techniques of Therapeutic Recreation, RP 4173 Therapeutic Recreation Assessment and Documentation, and RP 4273 Administration and Operation of Therapeutic Recreation Programs or permission of instructor.

This course provides an examination of current issues, trends, and professionalization concerns in therapeutic recreation, including professional organizations, ethics, current legislation, professional development, professional standards, credentialing, accreditation standards, improving organizational performance, and current controversies.

RP 4573: Interventions in Therapeutic Recreation II

Offered: Spring of even years

Study of the concepts and intervention techniques used in the application and process aspects of therapeutic recreation. Content includes evidence-based practice, planning and leading interventions, instructional techniques, counseling theory and practice, implementing groups, communication techniques, and facilitation techniques. A practical learning component is included.

RP 4753: Sports Field Management

A survey of design and management practices for turfgrass sports fields. Personnel and budgeting requirements for operations and maintenance. \$25 travel fee.

RP 4763: Golf Course Operations and Design

Golf course turfgrass management as influenced by golf course design, including operations, financial analysis, personnel, and environment. \$25.00 travel fee.

RP 4881: Advanced Special Topics

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 4882: Advanced Special Topics

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 4883: Advanced Special Topics

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 4951: Undergraduate Research in Recreation and Park Administration

Offered: On demand

Prerequisite: Departmental approval.

Advanced students carry out independent research activity relating to a significant problem in a major field of study. Supervised by faculty member.

Formal report and presentation required. One to four credits depending on problem selected and effort made.

RP 4952: Undergraduate Research in Recreation and Park Administration

Offered: On demand

Prerequisite: Departmental approval.

Advanced students carry out independent research activity relating to a significant problem in a major field of study. Supervised by faculty member.

Formal report and presentation required. One to four credits depending on problem selected and effort made.

RP 4953: Undergraduate Research in Recreation and Park Administration

Offered: On demand

Prerequisite: Departmental approval.

Advanced students carry out independent research activity relating to a significant problem in a major field of study. Supervised by faculty member.

Formal report and presentation required. One to four credits depending on problem selected and effort made.

RP 4954: Undergraduate Research in Recreation and Park Administration

Offered: On demand

Prerequisite: Departmental approval.

Advanced students carry out independent research activity relating to a significant problem in a major field of study. Supervised by faculty member.

Formal report and presentation required. One to four credits depending on problem selected and effort made.

RP 4991: Special Problems

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 4992: Special Problems

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.

RP 4993: Special Problems

Offered: On demand.

Investigative studies and special problems and topics related to parks, recreation, and hospitality administration.

Note: May be repeated if content differs.
